

UX Testing + UI Iteration

| | User Interface: How could the styling of elements be changed to make a more visually appealing, clear, and space efficient layout? (ex: sizes, colors, fonts, alignment, etc.) | User Experience: What elements of the user experience could be improved to make the page more intuitive and more fun/satisfying? (ex: sounds, hover effects, press effects, etc.) |
|--|--|---|
| User 1 Name: Alison Cooper | <ul style="list-style-type: none">• The elements should be larger. | <ul style="list-style-type: none">• The fun fact button shouldn't make you stuck on the same page unless you refresh. |
| User 2 Name: James Cooper | <ul style="list-style-type: none">• The elements should scale more. | <ul style="list-style-type: none">• The fun fact button shouldn't make you stuck on the same page unless you refresh. |
| User 3 Name: Logan Benavente | <ul style="list-style-type: none">• Change the font of the fun fact text.• Add a background to the fun fact text. | <ul style="list-style-type: none">• The fun fact button shouldn't make you stuck on the same page unless you refresh.• Sound effects that play when you click. |
| User 4 Name: Will | <ul style="list-style-type: none">• Make the fun fact text larger.• Make the fun fact text more compact.• Add a background behind it for more visibility (maybe light gray). | <ul style="list-style-type: none">• The fun fact button shouldn't make you stuck (maybe a reset button).• Sound effects that play when you click. |
| User 5 Name: Jordan Simpson | <ul style="list-style-type: none">• Make the boxes larger. | <ul style="list-style-type: none">• The fun fact button shouldn't make you stuck.• Audio that plays when you click the buttons. |

UI Before Feedback (Screenshot / GIF)

What trends did you identify in your feedback?

- The fun fact button makes people stuck.
- There should be sound effects when you click on stuff.
- The images should be larger.
- Fun fact text needs to be more visible (lighter colored background, more compact, different font).
- The boxes should be larger.

UI After Feedback (Screenshot / GIF)

What changes did you make to improve your UI?

- I changed the JS of the fun fact button so you can switch between images like the others.
- I added a clicking sound effect that plays each time an onClick function is activated.
- I changed the fun fact text so it's better formatted and more visible.
